Distributed Generation Valuation and Compensation
Stakeholder Workshop

Agenda

March 1, 2018
1:00 PM – no later than 5:00 pm
Illinois Commerce Commission
160 North LaSalle, Suite C-800, Chicago, IL 60601
Main Hearing Room

I. Welcome and introductions – Illinois Commerce Commission (ICC) Staff (5 minutes)

II. Scope and Context - ICC Staff (10 minutes)
   a. Future Energy Jobs Act (FEJA) requirement for distributed generation rebate
   c.

III. Presentation and discussion of white paper on Distributed Generation and Valuation considerations and activities around the country - Pacific Northwest National Laboratory (PNNL) Staff (45 minutes)

IV. Informal discussion on the following questions – All (1+ hour):
   a. What’s the Illinois-specific context for distributed generation valuation and compensation that is the same as or different from other states?
   b. What approaches from other states may fit or not fit in Illinois and why?
   c. What can be gleaned from original FEJA language or other key policies about rebates and valuation objectives and perspectives?
   d. What is the relationship to the valuations required by the Adjustable Block Program found in Sections 1-75(c)(1)(K) and (L) of the IPA Act?
   e. What categories of data are or are not available that will influence value calculations?
   f. What are process suggestions or considerations for arriving at DG rebates?
   g. Which value elements are most important for Illinois?
   h. What elements should be considered in differentiating DG value by location?

V. Questions from stakeholders – All (15 min +)

VI. Summary and next steps – ICC Staff (15 minutes)
