FOOTNOTES

- 100% of the total electricity supplied was purchased from other suppliers and the amounts of emissions and amount of nuclear waste attributable to producing this electricity is not known and is not included in this table.
- All energy is supplied by the Midwest Independent System Operator (MISO). The ultimate sources of generation are a result of the generators dispatched by MISO to serve the load. It is not possible to know how much energy from each generator was specifically used to meet ConocoPhillips' particular load.

The disclosure of this information is required under Section 16-127 of the Electric Service Customer Choice and Rate Relief Law of 1997 and the rules of the Illinois Commerce Commission, 83 Ill. Adm. Code 421.
