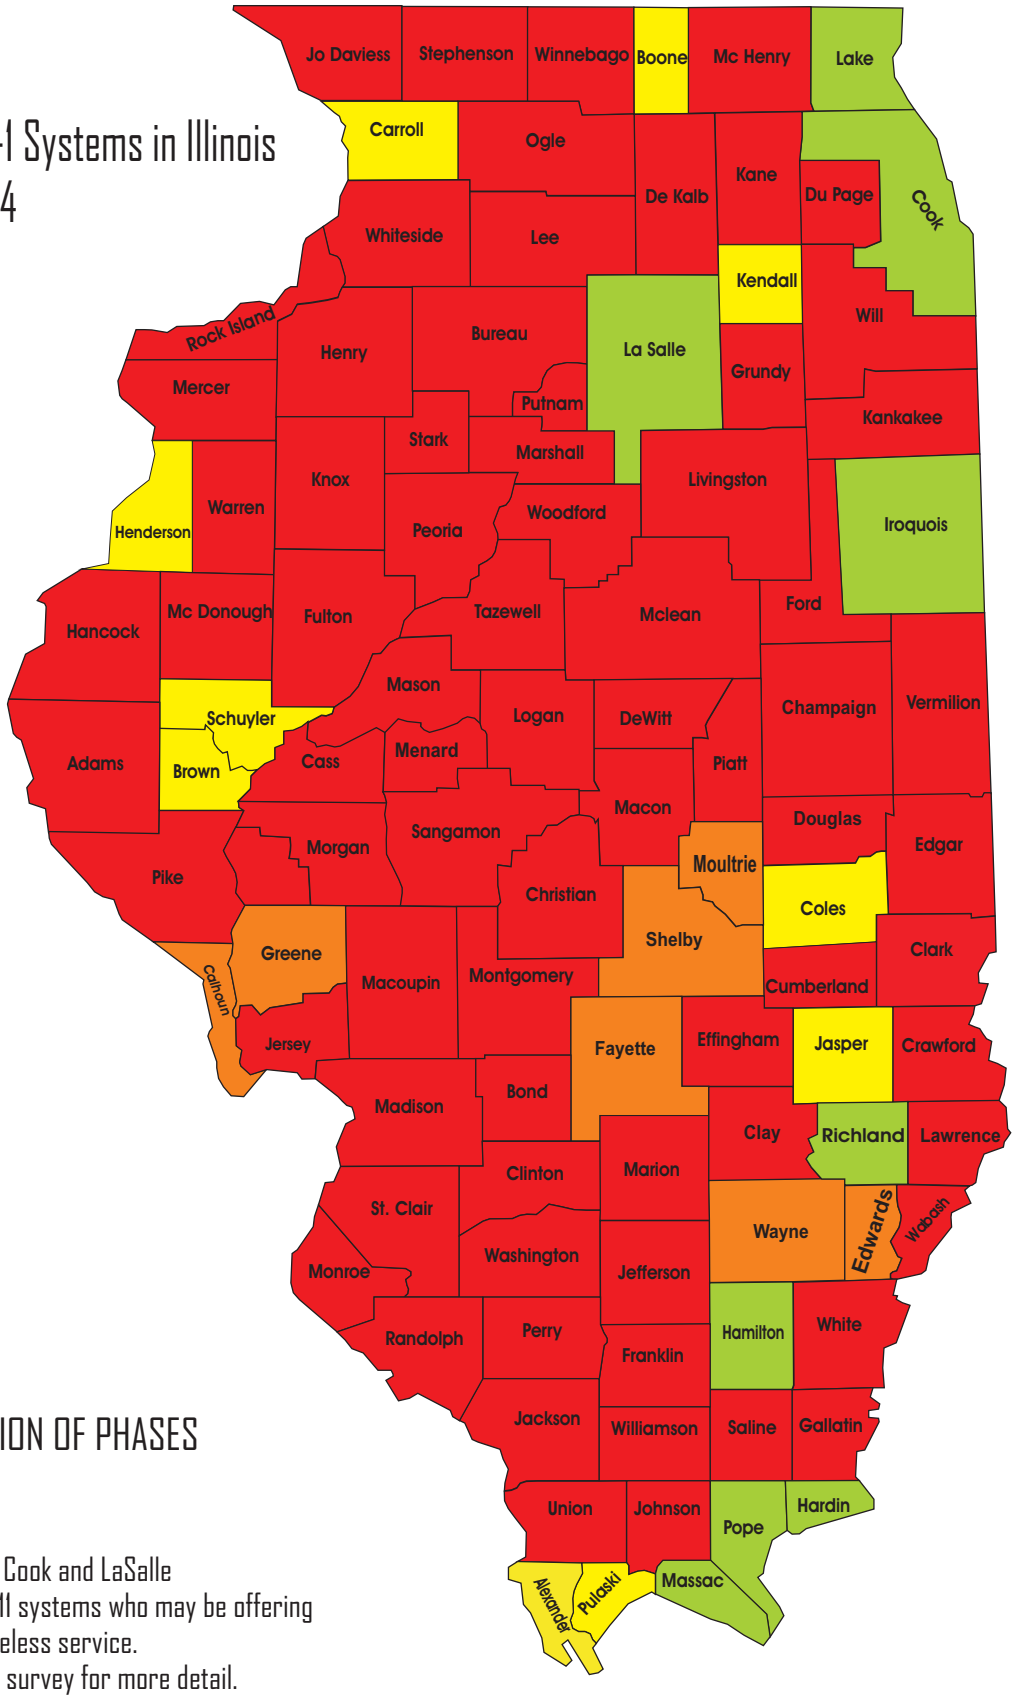
Systems marked "no referendum" are paid for with municipal or county funds.

Section V: Wireless 9-1-1 Status Map

WIRELESS 9-1-1 Status

Total Wireless 9-1-1 Systems in Illinois
184



PHASE 0

PHASE 1

PHASE 2

COMBINATION OF PHASES

Counties such as Lake, Cook and LaSalle
have many municipal 911 systems who may be offering
different phases of wireless service.
See the latest wireless survey for more detail.

2012

Notes:

Municipalities or Counties in Illinois that do not have a 9-1-1 system or which chose not to take wireless 9-1-1 calls are either handled by another 9-1-1 system or by the Illinois State Police (ISP) as the established default (**currently 8 entities**). If handled by the ISP, all calls are taken at Phase O.

Phase 0 - No information is received with the wireless call.
Phase 1 - The telephone number of the caller and the location of the cell site or base station is received with the wireless call.
Phase 2 - The telephone number of the caller and the location of all 911 calls by longitude and latitude is received with the wireless call.

Section VIII: Recent Legislation Affecting 9-1-1 Systems

- **Public Act 97-0748 - Amends the Prepaid Wireless 9-1-1 Surcharge Act to add a Municipal Wireless Service Emergency Fund for a municipality having a population in excess of 500,000.**

- **Public Act 97-1018 - Amends the Emergency Telephone System Act to allow 9-1-1 surcharge monies to be spent on a supplemental database.**

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Prepaid Wireless 9-1-1 Surcharge Act is amended by changing Sections 15 and 20 as follows:

(50 ILCS 753/15)

Sec. 15. Prepaid wireless 9-1-1 surcharge.

(a) There is hereby imposed on consumers a prepaid wireless 9-1-1 surcharge of 1.5% per retail transaction. The surcharge authorized by this subsection (a) does not apply in a home rule municipality having a population in excess of 500,000. The amount of the surcharge may be reduced or increased pursuant to subsection (e).

(a-5) A home rule municipality having a population in excess of 500,000 on the effective date of this Act may only impose a prepaid wireless 9-1-1 surcharge not to exceed 7% per retail transaction sourced to that jurisdiction and collected and remitted in accordance with the provisions of subsection (b-5).

(b) The prepaid wireless 9-1-1 surcharge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this State and shall be remitted to the Department by the seller as provided in this Act. The

amount of the prepaid wireless 9-1-1 surcharge shall be separately stated as a distinct item apart from the charge for the prepaid wireless telecommunications service on an invoice, receipt, or other similar document that is provided to the consumer by the seller or shall be otherwise disclosed to the consumer. If the seller does not separately state the surcharge as a distinct item to the consumer as provided in this Section, then the seller shall maintain books and records as required by this Act which clearly identify the amount of the 9-1-1 surcharge for retail transactions.

For purposes of this subsection (b), a retail transaction occurs in this State if (i) the retail transaction is made in person by a consumer at the seller's business location and the business is located within the State; (ii) the seller is a provider and sells prepaid wireless telecommunications service to a consumer located in Illinois; (iii) the retail transaction is treated as occurring in this State for purposes of the Retailers' Occupation Tax Act; or (iv) a seller that is included within the definition of a "retailer maintaining a place of business in this State" under Section 2 of the Use Tax Act makes a sale of prepaid wireless telecommunications service to a consumer located in Illinois. In the case of a retail transaction which does not occur in person at a seller's business location, if a consumer uses a credit card to purchase prepaid wireless telecommunications service on-line or over the telephone, and no product is shipped to the consumer, the

transaction occurs in this State if the billing address for the consumer's credit card is in this State.

(b-5) The prepaid wireless 9-1-1 surcharge imposed under subsection (a-5) of this Section shall be collected by the seller from the consumer with respect to each retail transaction occurring in the municipality imposing the surcharge. The amount of the prepaid wireless 9-1-1 surcharge shall be separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or shall be otherwise disclosed to the consumer. If the seller does not separately state the surcharge as a distinct item to the consumer as provided in this Section, then the seller shall maintain books and records as required by this Act which clearly identify the amount of the 9-1-1 surcharge for retail transactions.

For purposes of this subsection (b-5), a retail transaction occurs in the municipality if (i) the retail transaction is made in person by a consumer at the seller's business location and the business is located within the municipality; (ii) the seller is a provider and sells prepaid wireless telecommunications service to a consumer located in the municipality; (iii) the retail transaction is treated as occurring in the municipality for purposes of the Retailers' Occupation Tax Act; or (iv) a seller that is included within the definition of a "retailer maintaining a place of business in this State" under Section 2 of the Use Tax Act makes a sale

of prepaid wireless telecommunications service to a consumer located in the municipality. In the case of a retail transaction which does not occur in person at a seller's business location, if a consumer uses a credit card to purchase prepaid wireless telecommunications service on-line or over the telephone, and no product is shipped to the consumer, the transaction occurs in the municipality if the billing address for the consumer's credit card is in the municipality.

(c) The prepaid wireless 9-1-1 surcharge is imposed on the consumer and not on any provider. The seller shall be liable to remit all prepaid wireless 9-1-1 surcharges that the seller collects from consumers as provided in Section 20, including all such surcharges that the seller is deemed to collect where the amount of the surcharge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller. The surcharge collected or deemed collected by a seller shall constitute a debt owed by the seller to this State, and any such surcharge actually collected shall be held in trust for the benefit of the Department.

For purposes of this subsection (c), the surcharge shall not be imposed or collected from entities that have an active tax exemption identification number issued by the Department ~~are tax exempt~~ under Section 1g of the Retailers' Occupation Tax Act.

(d) The amount of the prepaid wireless 9-1-1 surcharge that is collected by a seller from a consumer, if such amount is

separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this State, any political subdivision of this State, or any intergovernmental agency.

(e) The prepaid wireless 9-1-1 charge imposed under subsection (a) of this Section shall be proportionately increased or reduced, as applicable, upon any change to the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act. The adjusted rate shall be determined by dividing the amount of the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act by $50. Such increase or reduction shall be effective on the first day of the first calendar month to occur at least 60 days after the enactment of the change to the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act. The Department shall provide not less than 30 days' notice of an increase or reduction in the amount of the surcharge on the Department's website.

(e-5) Any changes in the rate of the surcharge imposed by a municipality under the authority granted in subsection (a-5) of this Section shall be effective on the first day of the first calendar month to occur at least 60 days after the enactment of the change. The Department shall provide not less than 30 days' notice of the increase or reduction in the rate of such surcharge on the Department's website.

(f) When prepaid wireless telecommunications service is sold with one or more other products or services for a single, non-itemized price, then the percentage specified in subsection (a) or (a-5) of this Section 15 shall be applied to the entire non-itemized price unless the seller elects to apply the percentage to (i) the dollar amount of the prepaid wireless telecommunications service if that dollar amount is disclosed to the consumer or (ii) the portion of the price that is attributable to the prepaid wireless telecommunications service if the retailer can identify that portion by reasonable and verifiable standards from its books and records that are kept in the regular course of business for other purposes, including, but not limited to, books and records that are kept for non-tax purposes. However, if a minimal amount of prepaid wireless telecommunications service is sold with a prepaid wireless device for a single, non-itemized price, then the seller may elect not to apply the percentage specified in subsection (a) or (a-5) of this Section 15 to such transaction. For purposes of this subsection, an amount of service denominated as 10 minutes or less or $5 or less is considered minimal.

(Source: P.A. 97-463, eff. 1-1-12.)

(50 ILCS 753/20)

Sec. 20. Administration of prepaid wireless 9-1-1 surcharge.

(a) In the administration and enforcement of this Act, the provisions of Sections 2a, 2b, 2c, 3, 4, 5, 5a, 5b, 5c, 5d, 5e, 5f, 5g, 5i, 5j, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, and 12 of the Retailers' Occupation Tax Act that are not inconsistent with this Act, and Section 3-7 of the Uniform Penalty and Interest Act shall apply, as far as practicable, to the subject matter of this Act to the same extent as if those provisions were included in this Act. References to "taxes" in these incorporated Sections shall be construed to apply to the administration, payment, and remittance of all surcharges under this Act. The Department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply to the Retailers' Occupation Tax Act.

(b) For the first 12 months after the effective date of this Act, a seller shall be permitted to deduct and retain 5% of prepaid wireless 9-1-1 surcharges that are collected by the seller from consumers and that are remitted and timely filed with the Department. After the first 12 months, a seller shall be permitted to deduct and retain 3% of prepaid wireless 9-1-1 surcharges that are collected by the seller from consumers and that are remitted and timely filed with the Department.

(c) Other than the amounts for deposit into the Municipal Wireless Service Emergency Fund, the Department shall pay to the State Treasurer all prepaid wireless E911 charges and penalties collected under this Act for deposit into the

Wireless Service Emergency Fund. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amount available to the Illinois Commerce Commission for distribution out of the Wireless Service Emergency Fund. The amount certified shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body. The amount paid to the Wireless Service Emergency Fund shall not include any amount equal to the amount of refunds made during the second preceding calendar month by the Department to retailers under this Act or any amount that the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the Wireless Service Emergency Fund. The Illinois Commerce Commission shall distribute the funds in the same proportion as they are distributed under the Wireless Emergency Telephone Safety Act and the funds may only be used in accordance with the provisions of the Wireless Emergency Telephone Safety Act. ~~The Department shall pay all remitted prepaid wireless E911 charges over to the State Treasurer for deposit into the Wireless Service Emergency Fund within 30 days after receipt. The Illinois Commerce Commission shall distribute such funds in the same proportion as they are distributed under the Wireless Emergency Telephone Safety Act and such funds may only be used~~

~~in accordance with the provisions of the Wireless Emergency Telephone Safety Act.~~ The Department may deduct an amount, not to exceed 3% during the first year following the effective date of this Act and not to exceed 2% during every year thereafter of remitted charges, to be transferred into ~~retained by~~ the Tax Compliance and Administration Fund ~~Department~~ to reimburse the Department for its direct costs of administering the collection and remittance of prepaid wireless 9-1-1 surcharges.

(d) The Department shall administer the collection of all 9-1-1 surcharges and may adopt and enforce reasonable rules relating to the administration and enforcement of the provisions of this Act as may be deemed expedient. The Department shall require all surcharges collected under this Act to be reported on existing forms or combined forms, including, but not limited to, Form ST-1. Any overpayments received by the Department for liabilities reported on existing or combined returns shall be applied as an overpayment of retailers' occupation tax, use tax, service occupation tax, or service use tax liability.

(e) If a home rule municipality having a population in excess of 500,000 as of the effective date of this amendatory Act of the 97th General Assembly imposes an E911 surcharge under subsection (a-5) of Section 15 of this Act, then the Department shall pay to the State Treasurer all prepaid wireless E911 charges, penalties, and interest collected for deposit into the Municipal Wireless Service Emergency Fund. All

deposits into the Municipal Wireless Service Emergency Fund shall be held by the State Treasurer as ex officio custodian apart from all public moneys or funds of this State. Any interest attributable to moneys in the Fund must be deposited into the Fund. Moneys in the Municipal Wireless Service Emergency Fund are not subject to appropriation. On or before the 25th day of each calendar month, the Department shall prepare and certify to the Comptroller the amount available for disbursement to the home rule municipality out of the Municipal Wireless Service Emergency Fund. The amount to be paid to the Municipal Wireless Service Emergency Fund shall be the amount (not including credit memoranda) collected during the second preceding calendar month by the Department plus an amount the Department determines is necessary to offset any amounts which were erroneously paid to a different taxing body. The amount paid to the Municipal Wireless Service Emergency Fund shall not include any amount equal to the amount of refunds made during the second preceding calendar month by the Department to retailers under this Act or any amount that the Department determines is necessary to offset any amounts which were payable to a different taxing body but were erroneously paid to the Municipal Wireless Service Emergency Fund. Within 10 days after receipt by the Comptroller of the certification provided for in this subsection, the Comptroller shall cause the orders to be drawn for the respective amounts in accordance with the directions in the certification. The Department may deduct an

amount, not to exceed 3% during the first year following the effective date of this amendatory Act of the 97th General Assembly and not to exceed 2% during every year thereafter of remitted charges, to be transferred into the Tax Compliance and Administration Fund to reimburse the Department for its direct costs of administering the collection and remittance of prepaid wireless 9-1-1 surcharges.

(Source: P.A. 97-463, eff. 1-1-12.)

Section 10. The State Finance Act is amended by adding Section 5.811 as follows:

(30 ILCS 105/5.811 new)

Sec. 5.811. The Municipal Wireless Service Emergency Fund.

Section 99. Effective date. This Act takes effect upon becoming law.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Emergency Telephone System Act is amended by changing Section 15.4 and by adding Sections 2.27 and 2.28 as follows:

(50 ILCS 750/2.27 new)

Sec. 2.27. Computer aided dispatch. "Computer aided dispatch" or "CAD" means a database maintained by the public safety agency or public safety answering point used in conjunction with 9-1-1 caller data.

(50 ILCS 750/2.28 new)

Sec. 2.28. Hosted supplemental 9-1-1 service.

"Hosted supplemental 9-1-1 service" means a database service that electronically provides information to 9-1-1 call takers when a call is placed to 9-1-1. The database service shall allow telephone subscribers to provide information to 9-1-1 to be used in emergency scenarios. The database service:

(1) shall collect a variety of formatted data relevant to 9-1-1 and first responder needs. This information may include, but is not limited to, photographs of the telephone subscribers, physical descriptions, medical

information, household data, and emergency contacts.

(2) shall allow for information to be entered by telephone subscribers via a secure website where they can elect to provide as little or as much information as they choose.

(3) shall automatically display data provided by telephone subscribers to 9-1-1 call takers for all types of phones when a call is placed to 9-1-1 from a registered and confirmed phone number.

(4) shall support the delivery of telephone subscriber information via a secure internet connection to all emergency telephone system boards.

(5) shall work across all 9-1-1 call taking equipment and allow for the easy transfer of information into a computer aided dispatch system.

(6) may be used to collect information pursuant to an Illinois Premise Alert Program as defined in the Illinois Premise Alert Program (PAP) Act.

(50 ILCS 750/15.4) (from Ch. 134, par. 45.4)

Sec. 15.4. Emergency Telephone System Board; powers.

(a) The corporate authorities of any county or municipality that imposes a surcharge under Section 15.3 shall establish an Emergency Telephone System Board. The corporate authorities shall provide for the manner of appointment and the number of members of the Board, provided that the board shall consist of

not fewer than 5 members, one of whom must be a public member who is a resident of the local exchange service territory included in the 9-1-1 coverage area, one of whom (in counties with a population less than 100,000) must be a member of the county board, and at least 3 of whom shall be representative of the 9-1-1 public safety agencies, including but not limited to police departments, fire departments, emergency medical services providers, and emergency services and disaster agencies, and appointed on the basis of their ability or experience. In counties with a population of more than 100,000 but less than 2,000,000, a member of the county board may serve on the Emergency Telephone System Board. Elected officials, including members of a county board, are also eligible to serve on the board. Members of the board shall serve without compensation but shall be reimbursed for their actual and necessary expenses. Any 2 or more municipalities, counties, or combination thereof, that impose a surcharge under Section 15.3 may, instead of establishing individual boards, establish by intergovernmental agreement a Joint Emergency Telephone System Board pursuant to this Section. The manner of appointment of such a joint board shall be prescribed in the agreement.

(b) The powers and duties of the board shall be defined by ordinance of the municipality or county, or by intergovernmental agreement in the case of a joint board. The powers and duties shall include, but need not be limited to the following:

(1) Planning a 9-1-1 system.

(2) Coordinating and supervising the implementation, upgrading, or maintenance of the system, including the establishment of equipment specifications and coding systems.

(3) Receiving moneys from the surcharge imposed under Section 15.3, and from any other source, for deposit into the Emergency Telephone System Fund.

(4) Authorizing all disbursements from the fund.

(5) Hiring any staff necessary for the implementation or upgrade of the system.

(6) Participating in a Regional Pilot Project to implement next generation 9-1-1, as defined in this Act, subject to the conditions set forth in this Act.

(c) All moneys received by a board pursuant to a surcharge imposed under Section 15.3 shall be deposited into a separate interest-bearing Emergency Telephone System Fund account. The treasurer of the municipality or county that has established the board or, in the case of a joint board, any municipal or county treasurer designated in the intergovernmental agreement, shall be custodian of the fund. All interest accruing on the fund shall remain in the fund. No expenditures may be made from such fund except upon the direction of the board by resolution passed by a majority of all members of the board. Expenditures may be made only to pay for the costs associated with the following:

(1) The design of the Emergency Telephone System.

(2) The coding of an initial Master Street Address Guide data base, and update and maintenance thereof.

(3) The repayment of any moneys advanced for the implementation of the system.

(4) The charges for Automatic Number Identification and Automatic Location Identification equipment, a computer aided dispatch system that records, maintains, and integrates information, mobile data transmitters equipped with automatic vehicle locators, and maintenance, replacement and update thereof to increase operational efficiency and improve the provision of emergency services.

(5) The non-recurring charges related to installation of the Emergency Telephone System and the ongoing network charges.

(6) The acquisition and installation, or the reimbursement of costs therefor to other governmental bodies that have incurred those costs, of road or street signs that are essential to the implementation of the emergency telephone system and that are not duplicative of signs that are the responsibility of the jurisdiction charged with maintaining road and street signs.

(7) Other products and services necessary for the implementation, upgrade, and maintenance of the system and any other purpose related to the operation of the system,

including costs attributable directly to the construction, leasing, or maintenance of any buildings or facilities or costs of personnel attributable directly to the operation of the system. Costs attributable directly to the operation of an emergency telephone system do not include the costs of public safety agency personnel who are and equipment that is dispatched in response to an emergency call.

(7.5) The purchase of real property if the purchase is made before March 16, 2006.

(8) In the case of a municipality that imposes a surcharge under subsection (h) of Section 15.3, moneys may also be used for any anti-terrorism or emergency preparedness measures, including, but not limited to, preparedness planning, providing local matching funds for federal or State grants, personnel training, and specialized equipment, including surveillance cameras as needed to deal with natural and terrorist-inspired emergency situations or events.

(9) The defraying of expenses incurred in participation in a Regional Pilot Project to implement next generation 9-1-1, subject to the conditions set forth in this Act.

(10) The implementation of a computer aided dispatch system or hosted supplemental 9-1-1 services.

Moneys in the fund may also be transferred to a participating fire protection district to reimburse volunteer

firefighters who man remote telephone switching facilities when dedicated 9-1-1 lines are down.

(d) The board shall complete the data base before implementation of the 9-1-1 system. The error ratio of the data base shall not at any time exceed 1% of the total data base.
