Section V: Wireless 9-1-1 Status Map

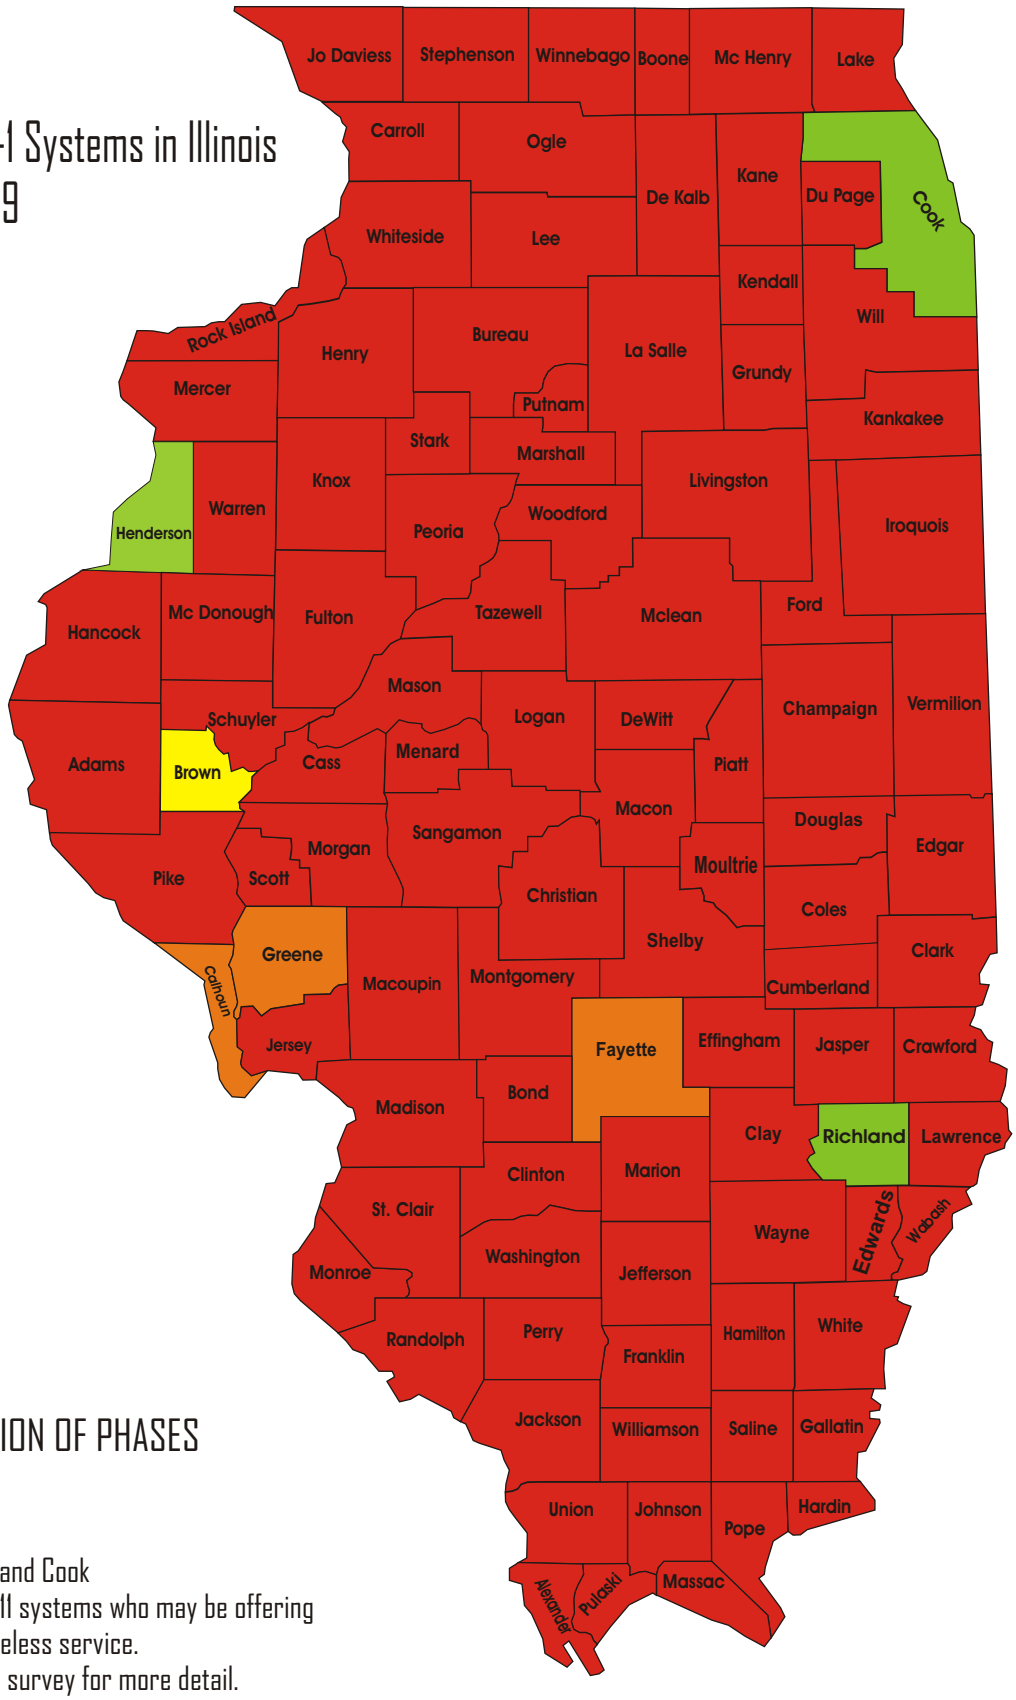
WIRELESS 9-1-1 Status

Total Wireless 9-1-1 Systems in Illinois
189



PHASE 0

PHASE 1

PHASE 2

COMBINATION OF PHASES

Counties such as Lake and Cook
have many municipal 911 systems who may be offering
different phases of wireless service.
See the latest wireless survey for more detail.

Notes:

Municipalities or Counties in Illinois that do not have a 9-1-1 system or which chose not to take wireless 9-1-1 calls are either handled by another 9-1-1 system or by the Illinois State Police (ISP) as the established default (**currently 6 entities**). If handled by the ISP, all calls are taken at Phase O.

Phase 0 - No information is received with the wireless call.
Phase 1 - The telephone number of the caller and the location of the cell site or base station is received with the wireless call.
Phase 2 - The telephone number of the caller and the location of all 911 calls by longitude and latitude is received with the wireless call.

Totals:
Phase 0: 0
Phase 1: 1
Phase 2: 185
Combination of Phases: 2

Section VIII: Recent Legislation Affecting 9-1-1 Systems

- **Public Act 98-0634 -** Amends WETSA. Redistributes surcharge by giving $0.66 to 9-1-1 systems, $0.02 to 9-1-1 systems under 100,000 population, and $0.05 to the wireless carrier reimbursement fund. Designates the Illinois State Police as the Statewide 9-1-1 Administrator. Establishes new penalty provisions for not providing financial reporting. Wireless carriers no longer have limitations on the ability to recover costs. Extends the 9-1-1 Services Advisory Board and task it with reporting to the General Assembly by 4/1/14. Changes prepaid and wireless surcharge amounts for the City of Chicago for one year.

AN ACT concerning local government.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 5. The Department of State Police Law of the Civil Administrative Code of Illinois is amended by changing Section 2605-25 as follows:

(20 ILCS 2605/2605-25) (was 20 ILCS 2605/55a-1)

Sec. 2605-25. Department divisions. The Department is divided into the Illinois State Police Academy and 4 divisions: the Division of Operations, the Division of Forensic Services, the Division of Administration, and the Division of Internal Investigation. Beginning on July 1, 2015, there shall be the Division of the Statewide 9-1-1 Administrator within the Department of State Police to develop, implement, and oversee a uniform statewide 9-1-1 system for all areas of the State outside of municipalities having a population of more than 500,000.

(Source: P.A. 90-130, eff. 1-1-98; 91-239, eff. 1-1-00; 91-760, eff. 1-1-01.)

Section 10. The Emergency Telephone System Act is amended by changing Section 15.3 as follows:

(50 ILCS 750/15.3) (from Ch. 134, par. 45.3)

Sec. 15.3. Surcharge.

(a) The corporate authorities of any municipality or any county may, subject to the limitations of subsections (c), (d), and (h), and in addition to any tax levied pursuant to the Simplified Municipal Telecommunications Tax Act, impose a monthly surcharge on billed subscribers of network connection provided by telecommunication carriers engaged in the business of transmitting messages by means of electricity originating within the corporate limits of the municipality or county imposing the surcharge at a rate per network connection determined in accordance with subsection (c), however the monthly surcharge shall not apply to a network connection provided for use with pay telephone services. Provided, however, that where multiple voice grade communications channels are connected between the subscriber's premises and a public switched network through private branch exchange (PBX) or centrex type service, a municipality imposing a surcharge at a rate per network connection, as determined in accordance with this Act, shall impose:

(i) in a municipality with a population of 500,000 or less or in any county, 5 such surcharges per network connection, as determined in accordance with subsections (a) and (d) of Section 2.12 of this Act, for both regular service and advanced service provisioned trunk lines;

(ii) in a municipality with a population, prior to

March 1, 2010, of 500,000 or more, 5 surcharges per network connection, as determined in accordance with subsections (a) and (d) of Section 2.12 of this Act, for both regular service and advanced service provisioned trunk lines;

(iii) in a municipality with a population, as of March 1, 2010, of 500,000 or more, 5 surcharges per network connection, as determined in accordance with subsections (a) and (d) of Section 2.12 of this Act, for regular service provisioned trunk lines, and 12 surcharges per network connection, as determined in accordance with subsections (a) and (d) of Section 2.12 of this Act, for advanced service provisioned trunk lines, except where an advanced service provisioned trunk line supports at least 2 but fewer than 23 simultaneous voice grade calls ("VGC's"), a telecommunication carrier may elect to impose fewer than 12 surcharges per trunk line as provided in subsection (iv) of this Section; or

(iv) for an advanced service provisioned trunk line connected between the subscriber's premises and the public switched network through a P.B.X., where the advanced service provisioned trunk line is capable of transporting at least 2 but fewer than 23 simultaneous VGC's per trunk line, the telecommunications carrier collecting the surcharge may elect to impose surcharges in accordance with the table provided in this Section, without limiting any telecommunications carrier's obligations to otherwise keep

and maintain records. Any telecommunications carrier electing to impose fewer than 12 surcharges per an advanced service provisioned trunk line shall keep and maintain records adequately to demonstrate the VGC capability of each advanced service provisioned trunk line with fewer than 12 surcharges imposed, provided that 12 surcharges shall be imposed on an advanced service provisioned trunk line regardless of the VGC capability where a telecommunications carrier cannot demonstrate the VGC capability of the advanced service provisioned trunk line.

Facility	VGC's	911 Surcharges
Advanced service provisioned trunk line	18-23	12
Advanced service provisioned trunk line	12-17	10
Advanced service provisioned trunk line	2-11	8

Subsections (i), (ii), (iii), and (iv) are not intended to make any change in the meaning of this Section, but are intended to remove possible ambiguity, thereby confirming the intent of paragraph (a) as it existed prior to and following the effective date of this amendatory Act of the 97th General Assembly.

For mobile telecommunications services, if a surcharge is imposed it shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity

Act. A municipality may enter into an intergovernmental agreement with any county in which it is partially located, when the county has adopted an ordinance to impose a surcharge as provided in subsection (c), to include that portion of the municipality lying outside the county in that county's surcharge referendum. If the county's surcharge referendum is approved, the portion of the municipality identified in the intergovernmental agreement shall automatically be disconnected from the county in which it lies and connected to the county which approved the referendum for purposes of a surcharge on telecommunications carriers.

(b) For purposes of computing the surcharge imposed by subsection (a), the network connections to which the surcharge shall apply shall be those in-service network connections, other than those network connections assigned to the municipality or county, where the service address for each such network connection or connections is located within the corporate limits of the municipality or county levying the surcharge. Except for mobile telecommunication services, the "service address" shall mean the location of the primary use of the network connection or connections. For mobile telecommunication services, "service address" means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act.

(c) Upon the passage of an ordinance to impose a surcharge under this Section the clerk of the municipality or county

shall certify the question of whether the surcharge may be imposed to the proper election authority who shall submit the public question to the electors of the municipality or county in accordance with the general election law; provided that such question shall not be submitted at a consolidated primary election. The public question shall be in substantially the following form:

Shall the county (or city, village or incorporated town) of ..... impose a surcharge of up to ...¢ per month per network connection, which surcharge will be added to the monthly bill you receive for telephone or telecommunications charges, for the purpose of installing (or improving) a 9-1-1 Emergency Telephone System?

YES

NO

If a majority of the votes cast upon the public question are in favor thereof, the surcharge shall be imposed.

However, if a Joint Emergency Telephone System Board is to be created pursuant to an intergovernmental agreement under Section 15.4, the ordinance to impose the surcharge shall be subject to the approval of a majority of the total number of votes cast upon the public question by the electors of all of the municipalities or counties, or combination thereof, that

are parties to the intergovernmental agreement.

The referendum requirement of this subsection (c) shall not apply to any municipality with a population over 500,000 or to any county in which a proposition as to whether a sophisticated 9-1-1 Emergency Telephone System should be installed in the county, at a cost not to exceed a specified monthly amount per network connection, has previously been approved by a majority of the electors of the county voting on the proposition at an election conducted before the effective date of this amendatory Act of 1987.

(d) A county may not impose a surcharge, unless requested by a municipality, in any incorporated area which has previously approved a surcharge as provided in subsection (c) or in any incorporated area where the corporate authorities of the municipality have previously entered into a binding contract or letter of intent with a telecommunications carrier to provide sophisticated 9-1-1 service through municipal funds.

(e) A municipality or county may at any time by ordinance change the rate of the surcharge imposed under this Section if the new rate does not exceed the rate specified in the referendum held pursuant to subsection (c).

(f) The surcharge authorized by this Section shall be collected from the subscriber by the telecommunications carrier providing the subscriber the network connection as a separately stated item on the subscriber's bill.

(g) The amount of surcharge collected by the telecommunications carrier shall be paid to the particular municipality or county or Joint Emergency Telephone System Board not later than 30 days after the surcharge is collected, net of any network or other 9-1-1 or sophisticated 9-1-1 system charges then due the particular telecommunications carrier, as shown on an itemized bill. The telecommunications carrier collecting the surcharge shall also be entitled to deduct 3% of the gross amount of surcharge collected to reimburse the telecommunications carrier for the expense of accounting and collecting the surcharge.

(h) Except as expressly provided in subsection (a) of this Section, on or after the effective date of this amendatory Act of the 98th General Assembly and until July 1, 2015, a municipality with a population of 500,000 or more shall not impose a monthly surcharge per network connection in excess of the highest monthly surcharge imposed as of January 1, 2014 by any county or municipality under subsection (c) of this Section. On or after July 1, 2015, a municipality with a population over 500,000 may not impose a monthly surcharge in excess of $2.50 per network connection.

(i) Any municipality or county or joint emergency telephone system board that has imposed a surcharge pursuant to this Section prior to the effective date of this amendatory Act of 1990 shall hereafter impose the surcharge in accordance with subsection (b) of this Section.

(j) The corporate authorities of any municipality or county may issue, in accordance with Illinois law, bonds, notes or other obligations secured in whole or in part by the proceeds of the surcharge described in this Section. Notwithstanding any change in law subsequent to the issuance of any bonds, notes or other obligations secured by the surcharge, every municipality or county issuing such bonds, notes or other obligations shall be authorized to impose the surcharge as though the laws relating to the imposition of the surcharge in effect at the time of issuance of the bonds, notes or other obligations were in full force and effect until the bonds, notes or other obligations are paid in full. The State of Illinois pledges and agrees that it will not limit or alter the rights and powers vested in municipalities and counties by this Section to impose the surcharge so as to impair the terms of or affect the security for bonds, notes or other obligations secured in whole or in part with the proceeds of the surcharge described in this Section.

(k) Any surcharge collected by or imposed on a telecommunications carrier pursuant to this Section shall be held to be a special fund in trust for the municipality, county or Joint Emergency Telephone Board imposing the surcharge. Except for the 3% deduction provided in subsection (g) above, the special fund shall not be subject to the claims of creditors of the telecommunication carrier.

(Source: P.A. 97-463, eff. 8-19-11.)

Section 15. The Wireless Emergency Telephone Safety Act is amended by changing Sections 17, 35, 45, 70, and 85 and by adding Section 27 as follows:

(50 ILCS 751/17)

(Section scheduled to be repealed on July 1, 2014)

Sec. 17. Wireless carrier surcharge.

(a) Except as provided in Sections 45 and 80, each wireless carrier shall impose a monthly wireless carrier surcharge per CMRS connection that either has a telephone number within an area code assigned to Illinois by the North American Numbering Plan Administrator or has a billing address in this State. No wireless carrier shall impose the surcharge authorized by this Section upon any subscriber who is subject to the surcharge imposed by a unit of local government pursuant to Section 45. Prior to January 1, 2008 (the effective date of Public Act 95-698), the surcharge amount shall be the amount set by the Wireless Enhanced 9-1-1 Board. Beginning on January 1, 2008 (the effective date of Public Act 95-698), the monthly surcharge imposed under this Section shall be $0.73 per CMRS connection. The wireless carrier that provides wireless service to the subscriber shall collect the surcharge from the subscriber. For mobile telecommunications services provided on and after August 1, 2002, any surcharge imposed under this Act shall be imposed based upon the municipality or county that

encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. The surcharge shall be stated as a separate item on the subscriber's monthly bill. The wireless carrier shall begin collecting the surcharge on bills issued within 90 days after the Wireless Enhanced 9-1-1 Board sets the monthly wireless surcharge. State and local taxes shall not apply to the wireless carrier surcharge.

(b) Except as provided in Sections 45 and 80, a wireless carrier shall, within 45 days of collection, remit, either by check or by electronic funds transfer, to the State Treasurer the amount of the wireless carrier surcharge collected from each subscriber. Of the amounts remitted under this subsection prior to January 1, 2008 (the effective date of Public Act 95-698), and for surcharges imposed before January 1, 2008 (the effective date of Public Act 95-698) but remitted after January 1, 2008, the State Treasurer shall deposit one-third into the Wireless Carrier Reimbursement Fund and two-thirds into the Wireless Service Emergency Fund. For surcharges collected and remitted on or after January 1, 2008 (the effective date of Public Act 95-698), $0.1475 per surcharge collected shall be deposited into the Wireless Carrier Reimbursement Fund, and $0.5825 per surcharge collected shall be deposited into the Wireless Service Emergency Fund. <u>For surcharges collected and remitted on or after July 1, 2014, $0.05 per surcharge collected shall be deposited into the Wireless Carrier</u>

Reimbursement Fund, $0.66 per surcharge shall be deposited into the Wireless Service Emergency Fund, and $0.02 per surcharge collected shall be deposited into the Wireless Service Emergency Fund and distributed in equal amounts to County Emergency System Telephone Boards in counties with a population under 100,000 according to the most recent census data. Of the amounts deposited into the Wireless Carrier Reimbursement Fund under this subsection, $0.01 per surcharge collected may be distributed to the carriers to cover their administrative costs. Of the amounts deposited into the Wireless Service Emergency Fund under this subsection, $0.01 per surcharge collected may be disbursed to the Illinois Commerce Commission to cover its administrative costs.

(c) The first such remittance by wireless carriers shall include the number of wireless subscribers by zip code, and the 9-digit zip code if currently being used or later implemented by the carrier, that shall be the means by which the Illinois Commerce Commission shall determine distributions from the Wireless Service Emergency Fund. This information shall be updated no less often than every year. Wireless carriers are not required to remit surcharge moneys that are billed to subscribers but not yet collected. Any carrier that fails to provide the zip code information required under this subsection (c) shall be subject to the penalty set forth in subsection (f) of this Section.

(d) Any funds collected under the Prepaid Wireless 9-1-1

Surcharge Act shall be distributed using a prorated method based upon zip code information collected from post-paid wireless carriers under subsection (c) of this Section.

(e) If before midnight on the last day of the third calendar month after the closing date of the remit period a wireless carrier does not remit the surcharge or any portion thereof required under this Section, then the surcharge or portion thereof shall be deemed delinquent until paid in full, and the Illinois Commerce Commission may impose a penalty against the carrier in an amount equal to the greater of:

(1) $25 for each month or portion of a month from the time an amount becomes delinquent until the amount is paid in full; or

(2) an amount equal to the product of 1% and the sum of all delinquent amounts for each month or portion of a month that the delinquent amounts remain unpaid.

A penalty imposed in accordance with this subsection (e) for a portion of a month during which the carrier provides the number of subscribers by zip code as required under subsection (c) of this Section shall be prorated for each day of that month during which the carrier had not provided the number of subscribers by zip code as required under subsection (c) of this Section. Any penalty imposed under this subsection (e) is in addition to the amount of the delinquency and is in addition to any other penalty imposed under this Section.

(f) If, before midnight on the last day of the third

calendar month after the closing date of the remit period, a wireless carrier does not provide the number of subscribers by zip code as required under subsection (c) of this Section, then the report is deemed delinquent and the Illinois Commerce Commission may impose a penalty against the carrier in an amount equal to the greater of:

(1) $25 for each month or portion of a month that the report is delinquent; or

(2) an amount equal to the product of 1/2¢ and the number of subscribers served by the wireless carrier. On and after July 1, 2014, an amount equal to the product of $0.01 and the number of subscribers served by the wireless carrier.

A penalty imposed in accordance with this subsection (f) for a portion of a month during which the carrier pays the delinquent amount in full shall be prorated for each day of that month that the delinquent amount was paid in full. A penalty imposed and collected in accordance with subsection (e) or this subsection (f) shall be deposited into the Wireless Service Emergency Fund for distribution according to Section 25 of this Act. Any penalty imposed under this subsection (f) is in addition to any other penalty imposed under this Section.

(g) The Illinois Commerce Commission may enforce the collection of any delinquent amount and any penalty due and unpaid under this Section by legal action or in any other manner by which the collection of debts due the State of

Illinois may be enforced under the laws of this State. The Executive Director of the Illinois Commerce Commission, or his or her designee, may excuse the payment of any penalty imposed under this Section if the Executive Director, or his or her designee, determines that the enforcement of this penalty is unjust.

(h) Notwithstanding any provision of law to the contrary, nothing shall impair the right of wireless carriers to recover compliance costs for all emergency communications services that are not reimbursed out of the Wireless Carrier Reimbursement Fund directly from their wireless subscribers via line-item charges on the wireless subscriber's bill. Those compliance costs include all costs incurred by wireless carriers in complying with local, State, and federal regulatory or legislative mandates that require the transmission and receipt of emergency communications to and from the general public, including, but not limited to, E-911.

(i) The Auditor General shall conduct, on an annual basis, an audit of the Wireless Service Emergency Fund and the Wireless Carrier Reimbursement Fund for compliance with the requirements of this Act. The audit shall include, but not be limited to, the following determinations:

(1) Whether the Commission is maintaining detailed records of all receipts and disbursements from the Wireless Carrier Emergency Fund and the Wireless Carrier Reimbursement Fund.

(2) Whether the Commission's administrative costs charged to the funds are adequately documented and are reasonable.

(3) Whether the Commission's procedures for making grants and providing reimbursements in accordance with the Act are adequate.

(4) The status of the implementation of wireless 9-1-1 and E9-1-1 services in Illinois.

The Commission, the Department of State Police, and any other entity or person that may have information relevant to the audit shall cooperate fully and promptly with the Office of the Auditor General in conducting the audit. The Auditor General shall commence the audit as soon as possible and distribute the report upon completion in accordance with Section 3-14 of the Illinois State Auditing Act.

(50 ILCS 751/27 new)

Sec. 27. Financial reports.

(a) The Illinois Commerce Commission shall create uniform accounting procedures, with such modification as may be required to give effect to statutory provisions applicable only to municipalities with a population in excess of 500,000, that any emergency telephone system board, qualified governmental entity, or unit of local government described in Section 15 of this Act and Section 15.4 of the Emergency Telephone System Act

or any entity imposing a wireless surcharge pursuant to Section 45 of this Act must follow.

(b) By October 1, 2014, each emergency telephone system board, qualified governmental entity, or unit of local government described in Section 15 of this Act and Section 15.4 of the Emergency Telephone System Act or any entity imposing a wireless surcharge pursuant to Section 45 of this Act shall report to the Illinois Commerce Commission audited financial statements showing total revenue and expenditures for each of the last two of its fiscal years in a form and manner as prescribed by the Illinois Commerce Commission's Manager of Accounting. Such financial information shall include:

(1) a detailed summary of revenue from all sources including, but not limited to, local, State, federal, and private revenues, and any other funds received;

(2) operating expenses, capital expenditures, and cash balances; and

(3) such other financial information that is relevant to the provision of 9-1-1 services as determined by the Illinois Commerce Commission's Manager of Accounting.

The emergency telephone system board, qualified governmental entity, or unit of local government is responsible for any costs associated with auditing such financial statements. The Illinois Commerce Commission shall post the audited financial statements on the Commission's website.

(c) By January 31, 2016 and each year thereafter, each

emergency telephone system board, qualified governmental entity, or unit of local government described in Section 15 of this Act and Section 15.4 of the Emergency Telephone System Act or any entity imposing a wireless surcharge pursuant to Section 45 of this Act shall report to the Illinois Commerce Commission audited annual financial statements showing total revenue and expenditures in a form and manner as prescribed by the Illinois Commerce Commission's Manager of Accounting.

The emergency telephone system board, qualified governmental entity, or unit of local government is responsible for any costs associated with auditing such financial statements.

The Illinois Commerce Commission shall post each entity's individual audited annual financial statements on the Commission's website.

(d) If an emergency telephone system board or qualified governmental entity that receives funds from the Wireless Service Emergency Fund fails to file the 9-1-1 system financial reports as required under this Section, the Illinois Commerce Commission shall suspend and withhold monthly grants otherwise due to the emergency telephone system board or qualified governmental entity under Section 25 of this Act until the report is filed.

Any monthly grants that have been withheld for 12 months or more shall be forfeited by the emergency telephone system board or qualified governmental entity and shall be distributed

proportionally by the Illinois Commerce Commission to compliant emergency telephone system boards and qualified governmental entities that receive funds from the Wireless Service Emergency Fund.

(e) The Illinois Commerce Commission may adopt emergency rules necessary to carry out the provisions of this Section.

(50 ILCS 751/35)

(Section scheduled to be repealed on July 1, 2014)

Sec. 35. Wireless Carrier Reimbursement Fund; reimbursement.

(a) To recover costs from the Wireless Carrier Reimbursement Fund, the wireless carrier shall submit sworn invoices to the Illinois Commerce Commission. In no event may any invoice for payment be approved for (i) costs that are not related to compliance with the requirements established by the wireless enhanced 9-1-1 mandates of the Federal Communications Commission, or (ii) costs with respect to any wireless enhanced 9-1-1 service that is not operable at the time the invoice is submitted~~, or (iii) costs in excess of the sum of (A) the carrier's balance, as determined under subsection (e) of this Section, plus (B) 100% of the surcharge remitted to the Wireless Carrier Reimbursement Fund by the wireless carrier under Section 17(b) since the last annual review of the balance in the Wireless Carrier Reimbursement Fund under subsection (c) of this Section, less reimbursements paid to the carrier out of~~

~~the Wireless Carrier Reimbursement Fund since the last annual review of the balance under subsection (e) of this Section, unless the wireless carrier received prior approval for the expenditures from the Illinois Commerce Commission~~.

(b) If in any month the total amount of invoices submitted to the Illinois Commerce Commission and approved for payment exceeds the amount available in the Wireless Carrier Reimbursement Fund, wireless carriers that have invoices approved for payment shall receive a pro-rata share of the amount available in the Wireless Carrier Reimbursement Fund based on the relative amount of their approved invoices available that month, and the balance of the payments shall be carried into the following months until all of the approved payments are made.

(c) A wireless carrier may not receive payment from the Wireless Carrier Reimbursement Fund for its costs of providing wireless enhanced 9-1-1 services in an area when a unit of local government or emergency telephone system board provides wireless 9-1-1 services in that area and was imposing and collecting a wireless carrier surcharge prior to July 1, 1998.

(d) The Illinois Commerce Commission shall maintain detailed records of all receipts and disbursements and shall provide an annual accounting of all receipts and disbursements to the Auditor General.

(e) The Illinois Commerce Commission must annually review the balance in the Wireless Carrier Reimbursement Fund as of

June 30 of each year and shall direct the Comptroller to transfer into the Wireless Services Emergency Fund for distribution in accordance with Section 25 of this Act any amount in excess of the amount of deposits into the Fund for the 24 months prior to June 30 less:

(1) the amount of paid and payables received by June 30 for the 24 months prior to June 30 as determined eligible under subsection (a) of this Section;

(2) the administrative costs associated with the Fund for the 24 months prior to June 30; and

(3) the prorated portion of any other adjustments made to the Fund in the 24 months prior to June 30.

After making the calculation required under this subsection (e), each carrier's available balance for purposes of reimbursements must be adjusted using the same calculation.

(f) The Illinois Commerce Commission shall adopt rules to govern the reimbursement process.

(g) On January 1, 2008 (the effective date of Public Act 95-698), or as soon thereafter as practical, the State Comptroller shall order transferred and the State Treasurer shall transfer the sum of $8,000,000 from the Wireless Carrier Reimbursement Fund to the Wireless Service Emergency Fund. That amount shall be used by the Illinois Commerce Commission to make grants in the manner described in Section 25 of this Act.

(50 ILCS 751/45)

(Section scheduled to be repealed on July 1, 2014)

Sec. 45. Continuation of current practices.

(a) Notwithstanding any other provision of this Act, a unit of local government or emergency telephone system board providing wireless 9-1-1 service and imposing and collecting a wireless carrier surcharge prior to July 1, 1998 may continue its practices of imposing and collecting its wireless carrier surcharge, but, except as provided in subsection (b) of this Section, in no event shall that monthly surcharge exceed $2.50 per commercial mobile radio service (CMRS) connection or in-service telephone number billed on a monthly basis. For mobile telecommunications services provided on and after August 1, 2002, any surcharge imposed shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act.

(b) On or after the effective date of this amendatory Act of the 98th General Assembly and until July 1, 2015, the corporate authorities of a municipality with a population in excess of 500,000 on the effective date of this amendatory Act may by ordinance impose and collect a monthly surcharge per commercial mobile radio service (CMRS) connection or in-service telephone number billed on a monthly basis that does not exceed the highest monthly surcharge imposed as of January

1, 2014 by any county or municipality under subsection (c) of Section 15.3 of the Emergency Telephone System Act. On or after July 1, 2015, the municipality may continue imposing and collecting its wireless carrier surcharge as provided in and subject to the limitations of subsection (a) of this Section.

(c) In addition to any other lawful purpose, a municipality with a population over 500,000 may use the moneys collected under this Section for any anti-terrorism or emergency preparedness measures, including, but not limited to, preparedness planning, providing local matching funds for federal or State grants, personnel training, and specialized equipment, including surveillance cameras as needed to deal with natural and terrorist-inspired emergency situations or events.

(50 ILCS 751/85)

(Section scheduled to be repealed on July 1, 2014)

Sec. 85. 9-1-1 Services Advisory Board.

(a) There is hereby created the 9-1-1 Services Advisory

Board. ~~The Board shall work with the Commission to determine the 9-1-1 costs necessary for every 9-1-1 system to adequately function and shall submit, by May 1, 2014, recommendations on whether there is a need to consolidate 9-1-1 functions to the General Assembly.~~ The Board shall consist of 18 ~~11~~ members with one member each appointed by the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, and the Minority Leader of the Senate, and with the remainder appointed by the Governor as follows:

(1) the Executive Director of the Illinois Commerce Commission, or his or her designee;

(2) one member representing the Illinois chapter of the National Emergency Number Association;

(3) one member representing the Illinois chapter of the Association of Public-Safety Communications Officials;

(4) one member representing a county 9-1-1 system from a county with a population of 50,000 or less;

(5) one member representing a county 9-1-1 system from a county with a population between 50,000 and 250,000;

(6) one member representing a county 9-1-1 system from a county with a population of 250,000 or more;

(7) one member representing an incumbent local exchange 9-1-1 system provider;

(8) one member representing a non-incumbent local exchange 9-1-1 system provider;

(9) one member representing a large wireless carrier;

(10) one member representing a small wireless carrier; ~~and~~

(11) one member representing the Illinois Telecommunications Association; ~~.~~

(12) the Director of State Police, or his or her designee;

(13) one member representing the Illinois Association of Chiefs of Police; and

(14) one member representing the Illinois Sheriffs' Association.

(b) The Board shall work with the Illinois Commerce Commission to submit, by April 1, 2015, to the General Assembly a plan for a statewide shared 9-1-1 network ("Statewide Next Generation 9-1-1") for all areas of the State outside of municipalities having a population of more than 500,000 to be governed by the Statewide 9-1-1 Administrator within the Department of State Police. The plan shall include, but not be limited to, recommendations as to the following:

(1) the structure of the statewide network;

(2) a plan and timeline for the transition to a statewide network;

(3) consolidation of 9-1-1 systems and services;

(4) a plan for the implementation of the Statewide Next Generation 9-1-1;

(5) a list of costs for which the moneys from the

Wireless Service Emergency Fund should not be used;

(6) the costs necessary for the 9-1-1 systems to adequately function;

(7) the adequate amount of the wireless surcharge in order to support sufficient 9-1-1 services throughout the State;

(8) a plan and timeline for the payment of past due Wireless Carrier Reimbursement Fund invoices to wireless carriers; and

(9) the proper division of responsibilities between the Statewide 9-1-1 Administrator and the Illinois Commerce Commission for the oversight of funding distribution, technological standards, and system plan authorizations, modifications and consolidations going forward.

(c) The Board is abolished on July 1, 2015 ~~2014~~.

(Source: P.A. 98-45, eff. 6-28-13; 98-602, eff. 12-6-13.)

Section 20. The Prepaid Wireless 9-1-1 Surcharge Act is amended by changing Section 15 as follows:

(50 ILCS 753/15)

Sec. 15. Prepaid wireless 9-1-1 surcharge.

(a) There is hereby imposed on consumers a prepaid wireless 9-1-1 surcharge of 1.5% per retail transaction. The surcharge authorized by this subsection (a) does not apply in a home rule

municipality having a population in excess of 500,000. The amount of the surcharge may be reduced or increased pursuant to subsection (e).

(a-5) On or after the effective date of this amendatory Act of the 98th General Assembly and until July 1, 2015, a home rule municipality having a population in excess of 500,000 on the effective date of this amendatory Act may impose a prepaid wireless 9-1-1 surcharge not to exceed 9% per retail transaction sourced to that jurisdiction and collected and remitted in accordance with the provisions of subsection (b-5) of this Section. On or after July 1, 2015, a ~~A~~ home rule municipality having a population in excess of 500,000 on the effective date of this Act may only impose a prepaid wireless 9-1-1 surcharge not to exceed 7% per retail transaction sourced to that jurisdiction and collected and remitted in accordance with the provisions of subsection (b-5).

(b) The prepaid wireless 9-1-1 surcharge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this State and shall be remitted to the Department by the seller as provided in this Act. The amount of the prepaid wireless 9-1-1 surcharge shall be separately stated as a distinct item apart from the charge for the prepaid wireless telecommunications service on an invoice, receipt, or other similar document that is provided to the consumer by the seller or shall be otherwise disclosed to the consumer. If the seller does not separately state the surcharge

as a distinct item to the consumer as provided in this Section, then the seller shall maintain books and records as required by this Act which clearly identify the amount of the 9-1-1 surcharge for retail transactions.

For purposes of this subsection (b), a retail transaction occurs in this State if (i) the retail transaction is made in person by a consumer at the seller's business location and the business is located within the State; (ii) the seller is a provider and sells prepaid wireless telecommunications service to a consumer located in Illinois; (iii) the retail transaction is treated as occurring in this State for purposes of the Retailers' Occupation Tax Act; or (iv) a seller that is included within the definition of a "retailer maintaining a place of business in this State" under Section 2 of the Use Tax Act makes a sale of prepaid wireless telecommunications service to a consumer located in Illinois. In the case of a retail transaction which does not occur in person at a seller's business location, if a consumer uses a credit card to purchase prepaid wireless telecommunications service on-line or over the telephone, and no product is shipped to the consumer, the transaction occurs in this State if the billing address for the consumer's credit card is in this State.

(b-5) The prepaid wireless 9-1-1 surcharge imposed under subsection (a-5) of this Section shall be collected by the seller from the consumer with respect to each retail transaction occurring in the municipality imposing the

surcharge. The amount of the prepaid wireless 9-1-1 surcharge shall be separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or shall be otherwise disclosed to the consumer. If the seller does not separately state the surcharge as a distinct item to the consumer as provided in this Section, then the seller shall maintain books and records as required by this Act which clearly identify the amount of the 9-1-1 surcharge for retail transactions.

For purposes of this subsection (b-5), a retail transaction occurs in the municipality if (i) the retail transaction is made in person by a consumer at the seller's business location and the business is located within the municipality; (ii) the seller is a provider and sells prepaid wireless telecommunications service to a consumer located in the municipality; (iii) the retail transaction is treated as occurring in the municipality for purposes of the Retailers' Occupation Tax Act; or (iv) a seller that is included within the definition of a "retailer maintaining a place of business in this State" under Section 2 of the Use Tax Act makes a sale of prepaid wireless telecommunications service to a consumer located in the municipality. In the case of a retail transaction which does not occur in person at a seller's business location, if a consumer uses a credit card to purchase prepaid wireless telecommunications service on-line or over the telephone, and no product is shipped to the consumer, the

transaction occurs in the municipality if the billing address for the consumer's credit card is in the municipality.

(c) The prepaid wireless 9-1-1 surcharge is imposed on the consumer and not on any provider. The seller shall be liable to remit all prepaid wireless 9-1-1 surcharges that the seller collects from consumers as provided in Section 20, including all such surcharges that the seller is deemed to collect where the amount of the surcharge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller. The surcharge collected or deemed collected by a seller shall constitute a debt owed by the seller to this State, and any such surcharge actually collected shall be held in trust for the benefit of the Department.

For purposes of this subsection (c), the surcharge shall not be imposed or collected from entities that have an active tax exemption identification number issued by the Department under Section 1g of the Retailers' Occupation Tax Act.

(d) The amount of the prepaid wireless 9-1-1 surcharge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this State, any political subdivision of this State, or any intergovernmental agency.

(e) The prepaid wireless 9-1-1 charge imposed under subsection (a) of this Section shall be proportionately

increased or reduced, as applicable, upon any change to the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act. The adjusted rate shall be determined by dividing the amount of the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act by $50. Such increase or reduction shall be effective on the first day of the first calendar month to occur at least 60 days after the enactment of the change to the surcharge imposed under Section 17 of the Wireless Emergency Telephone Safety Act. The Department shall provide not less than 30 days' notice of an increase or reduction in the amount of the surcharge on the Department's website.

(e-5) Any changes in the rate of the surcharge imposed by a municipality under the authority granted in subsection (a-5) of this Section shall be effective on the first day of the first calendar month to occur at least 60 days after the enactment of the change. The Department shall provide not less than 30 days' notice of the increase or reduction in the rate of such surcharge on the Department's website.

(f) When prepaid wireless telecommunications service is sold with one or more other products or services for a single, non-itemized price, then the percentage specified in subsection (a) or (a-5) of this Section 15 shall be applied to the entire non-itemized price unless the seller elects to apply the percentage to (i) the dollar amount of the prepaid wireless telecommunications service if that dollar amount is disclosed

to the consumer or (ii) the portion of the price that is attributable to the prepaid wireless telecommunications service if the retailer can identify that portion by reasonable and verifiable standards from its books and records that are kept in the regular course of business for other purposes, including, but not limited to, books and records that are kept for non-tax purposes. However, if a minimal amount of prepaid wireless telecommunications service is sold with a prepaid wireless device for a single, non-itemized price, then the seller may elect not to apply the percentage specified in subsection (a) or (a-5) of this Section 15 to such transaction. For purposes of this subsection, an amount of service denominated as 10 minutes or less or $5 or less is considered minimal.

(Source: P.A. 97-463, eff. 1-1-12; 97-748, eff. 7-6-12.)

Section 99. Effective date. This Act takes effect upon becoming law.
